three (3) opportunities to satisfactorily complete the requirements

will

COURSE REMEDIATION PLAN

1. All Dental Hygiene students must obtain a “C” or better in ALL Dental Hygiene courses. A grade lower than a “C” in any Dental Hygiene course will result in dismissal from the Dental Hygiene program. Courses in the Dental Hygiene program are offered in a programmed and sequential manner. It is essential that students master the knowledge and skills of each Dental Hygiene course (determined by a minimum grade of “C”). In the event the student obtains a grade lower than a “C”, they will be required to withdraw from the program and follow the procedure for readmission in the program.
2. The student must meet all the requirements established by IRSC for the Dental Hygiene program.
3. At the beginning of each course, the student will be given a syllabus listing the specific requirements for the course. All requirements must be met to complete the course. Grading will be based on the degree of achievement.
4. In addition to specific course objectives, students must meet core performance standards and demonstrate professional conduct in accordance with program regulations at all times while enrolled in the Dental Hygiene program. If at any time the faculty’s evaluation of a student’s ability to meet core performance standards on professionalism is identified as below average, the student will be removed from the Dental Hygiene program, regardless of academic performance.
5. Demonstration of clinical competence is also a functional importance to the career curriculum progression of the candidate. The process of faculty evaluation of clinical performance of candidates is an integral and essential part of the curriculum.

Requirements for Progression

The Dental Hygiene program is cohort based, meaning that students work through a curriculum together to achieve the same degree. Students must progress through the curriculum with their cohort. If a student is not able to take the required courses as scheduled, the student will be withdrawn from the program and will have to reapply for admission to the program with a future cohort.

Due to the sequential nature of the curriculum, students must successfully complete all courses for a given semester before becoming eligible to take courses in the subsequent semester. It is essential that students master the knowledge and skills of each Dental Hygiene course (determined by a minimum grade of “C” or higher.) In the event that the student obtains a grade lower than a “C” in any of the Dental Hygiene courses, they will be required to withdraw from the program and will have to reapply for admission to the program with a future cohort.
